

If you're not the Lead Dog...

...the scenery never changes.

AMERICA'S LEADER IN TRUCK TANK TECHNOLOGY

ENGINEERING

First Manufacturer of DOT 406 Cargo Tanks to Voluntarily Submit Design to Department of Transportation, Washington, DC

On Staff Design Certifying Engineer (M.I.T. Graduate)

STRENGTH

Press Brake Formed Components
Extruded Box Girder Top Rails
Extruded Wide Flanged Box Sills

SAFETY

Low Center of Gravity Profile
Betts LED Lights
Double Welded Construction

QUALITY

Alcoa Al-Bright Premium Aluminum
Modern 50,000 SF ASME "U" Stamp Facility for On Time Tank Deliveries

SUPPORT

Experienced Local Distributors Who Understand Your Needs and the Importance of Quality Service to Keep Your Fleet Productive

"We now have two Trans-Tech aluminum truck mounted transports in our fleet, and have had great feedback from our drivers. The quality and durability is light years from the competition and the manufacturing lead time is by far the shortest in the industry. We look forward to having more Trans-Tech tanks in our future."
