## AMERICA'S LEADER IN TRUCK TANK TECHNOLOGY

### ENGINEERING

First Manufacturer of DOT 406 Cargo Tanks to Voluntarily Submit Design to Department of Transportation, Washington, DC

On Staff Design Certifying Engineer (M.I.T. Graduate)

### STRENGTH

Press Brake Formed Components

Extruded Box Girder Top Rails

Extruded Wide Flanged Box Sills

### SAFETY

Low Center of Gravity Profile

Betts LED Lights

Double Welded Construction

### QUALITY

Alcoa Al-Bright Premium Aluminum

Modern 50,000 SF ASME "U" Stamp Facility for On Time Tank Deliveries

### SUPPORT

Experienced Local Distributors Who Understand Your Needs and the Importance of Quality Service to Keep Your Fleet Productive

*"Energy Petroleum Co. has been operating a fleet of over 20 fuel and lube oil delivery tanks for more than 80 years. Over the years I have grown to appreciate a quality built tank truck. Quality is the primary reason over the past several years to purchase tanks manufactured by Trans-Tech. They build a quality product they stand behind with one of the best warranties in the business. Trans-Tech is easy to do business with on a daily basis and along with the equipment installation by Werts Welding & Tank Service, is a winning combination."*
