Betts LED Lights

Double Welded Construction

### QUALITY

Alcoa Al-Bright Premium Aluminum

Modern 50,000 SF ASME "U" Stamp Facility for On Time Tank Deliveries

### SUPPORT

Experienced Local Distributors Who Understand Your Needs and the Importance of Quality Service to Keep Your Fleet Productive

"The Trans-Tech tank is Griffith Energy Services, Inc. tank of choice. I have seen many tank builders come and go over my 30 plus years of service in the fuel industry, but the Trans-Tech Tank is the only tank I will purchase for my fleet. The workmanship and concern for quality is apparent in every tank the staff in Maine builds. They can be proud to say it was designed, built and certified in the USA. Buy this tank and you will be a believer; quality does matter."

RANDY WAYNE, VICE PRESIDENT OF COMPLIANCE  
GRIFFITH ENERGY SERVICES, INC., CHEVERLY, MD
