Extruded Wide Flanged Box Sills

SAFETY

Low Center of Gravity Profile

Betts LED Lights

Double Welded Construction

QUALITY

Alcoa Al-Bright Premium Aluminum

Modern 50,000 SF ASME "U" Stamp Facility for On Time Tank Deliveries

SUPPORT

Experienced Local Distributors Who Understand Your Needs and the Importance of Quality Service to Keep Your Fleet Productive

Unit equipped by W. B. Hill, Inc., E. Longmeadow, MA

"I purchased my first Trans-Tech tank in 1999 when I founded Diesel Direct. Having once owned a metal fabrication business I was pretty critical when it came to craftsmanship. Trans-Tech was perfect. Over the years my business has grown by leaps and bounds and Trans-Tech is my only choice for new tanks. We run fifty trucks in eight states and add six to ten new trucks each year for growth and replacement. We have never had a warranty claim. I call that perfect."
