## AMERICA'S LEADER IN TRUCK TANK TECHNOLOGY

### ENGINEERING

First Manufacturer of DOT 406 Cargo Tanks to Voluntarily Submit Design to Department of Transportation, Washington, DC

On Staff Design Certifying Engineer (M.I.T. Graduate)

### STRENGTH

Press Brake Formed Components

Extruded Box Girder Top Rails

Extruded Wide Flanged Box Sills

### SAFETY

Low Center of Gravity Profile

Betts LED Lights

Double Welded Construction

### QUALITY

Alcoa Al-Bright Premium Aluminum

Modern 50,000 SF ASME "U" Stamp Facility for On Time Tank Deliveries

### SUPPORT

Experienced Local Distributors Who Understand Your Needs and the Importance of Quality Service to Keep Your Fleet Productive

*"We used to have constant debate and disagreement with every prior truck tank purchase. We tried other manufacturers first, but when we got our first Trans-Tech tank from Oilmen's Truck Tanks the solid construction, superior workmanship and attention to detail were evident immediately. The first comment was 'This is how every truck should be.' This tank is so superior to anything else we've come across that it is truly in a class of its own!"*
